

Community Alert • Sunday, March 18, 2012

Expect traffic delays, road closings along the course of the Publix Georgia Marathon & Half Marathon, Sunday, March 18, between 7 AM - 2 PM

More than 16,000 participants, 2,500 volunteers and 30,000 spectators will be along the course from downtown Atlanta to Decatur and back, including Centennial Olympic Park, Georgia State, MLK Historic Site, Fourth Ward, Inman Park, The Carter Center, Candler Park, Agnes Scott, Emory, Druid Hills, Virginia-Highland, Midtown, and Georgia Tech.

For detailed traffic information and driving suggestions, go to www.GeorgiaMarathon.com, hover on [Community](#) and click on [Road Closure Info](#). If you must drive, plan ahead, allow extra time, avoid crossing the course, and travel before the streets close.

VOLUNTEERS NEEDED!

If you live or work near the course, please volunteer as a Course Marshal to help direct race participants at turns and intersections. You can sign up for the Zone that's nearest your home or office and perhaps walk to your assigned location. To volunteer as a Course Marshal or other volunteer openings, go to www.GeorgiaMarathon.com and click [Volunteers](#) or email Jayne Nickell at JNickell@USRoadSports.com.

Ride MARTA

If a MARTA rail station is near your destination, people who live, work, or worship near the race course are encouraged to ride MARTA rather than drive on March 18. Drive to any of the 23 MARTA Stations that offer free daily parking and ride a MARTA train to your destination.

Go to www.ItsMARTA.com or call 404.848.5000 for MARTA information.
